Jury Ponders 'Shakeup' in Co. Personnel

Changes in Interest Of Efficiency, Economy

BOARD QUIZZED

Four Supervisors in Conference With Grand Jurors

The possibility of changes in personnel and in office administration in several departments of county government was being studied today by a special committee of the grand jury. Recommendations will be made shortly, Foreman Martin Poss announced late Wednesday.

The shakeup, which will "not necessarily" mean changes in heads of the departments, Poss said, will be made in the interests of efficiency and to effect substantial tax savings.

Poss would not reveal at this time the departments to be affected.

Yesterday the grand jury subjected four members of the board of supervisors, County Manager Walter T. Kellogg and W. W. Hendricks, local engineer, to questioning on a set of queries to which Superior Judge Franklin Swart demanded answers.

These questions dealt with a meeting in the county poor farm on June 21, when the six persons interrogated yesterday were supposed to have been present for the purpose of discussing, Judge Swart has declared, the appointment of Hendricks as county engineer.

Hendricks, the court charged, was to have control of roads and the board was to retain the "say" on patronage through him.

Members of the board questioned were Chairman Manuel Francis and Supervisors John Poole, Rosalie Brown, and Albert Witt.

One of the board members said they talked freely with the grand jury, declaring the board "has nothing to hide." This member defended the plan of the board of holding occasional private parleys for the purpose of programming county affairs. He said he could see nothing wrong in it so long as the board did no unlawful acts.

Poss said that the questioning of the supervisors did not bring out anything which he would describe as "sensational" in character. He said there was no discussion concerning indictments as a result of what has been learned to date.

Will H. Girvin, official court reporter, was present to take down the testimony, it was learned.

Poss would not say whether the jurors were through questioning the supervisors on the subject. He added that the next step will be determined after a study has been made of the transcript of testimony.

Kellogg conferred with the jury on the subject of the office personnel changes, Poss said.

"Mr. Kellogg has co-operated fully with the grand jury," Poss said. "So far we believe he has done a good job."

The jury will meet again next Wednesday at 1:30 o'clock.

Kellogg Plans Utility Dist. Survey in Co.

Surveys will be made at once to determine the number of lighting and other utility districts in San Mateo county, according to County Manager Walter T. Kellogg.

The purpose is to determine the status of each of the special districts, whether all the service is being rendered which is called for, and what rates and lengths of contracts are in effect.

Chairman James B. Howell of the former board of freeholders at the conference with Kellogg Thursday night, said the freeholders are definitely opposed to additional special districts.

These districts, formed by the presentation to the supervisors of petitions containing a small percentage of the name of the electorate, have been the subject of criticisms in the past.

It may be possible for the county to take over the management of the special districts so that they may be operated at less cost than at present.

Mrs. A. E. Blake returned this week from a vacation spent at Reno and Lake Tahoe.

Rolison Heads County Board Of Recreation

City Manager Ernest A. Rolison of Redwood City was named chairman of the San Mateo county recreation committee at an organization meeting in the offices of County Manager Walter T. Kellogg Tuesday.

L. Herbert Harris, Burlingame, was named secretary.

The committee, which also includes City Manager Earl P. Wilsey, San Mateo; Alvin Hatch, Half Moon Bay, and Felix Bortis, Colma, immediately went into some of the problems of the Memorial Park.

Camping charges for the park were agreed upon and it was determined not to give free wood in the future.

All cars must register, the attendant being required to take the license number, name of party, and address.

All charges for camping are to be on a one-car basis. The charges for the first three nights will be 50 cents per night, and for the remainder of the week, 25 cents per night. After the first week, the camper may remain at the rate of $2 per week.

Wood will cost 25 cents for one armful, 50 cents for a sackful, and $3.50 for a quarter cord. Campers will be allowed to gather small limbs and trash wood free, but no cutting up of logs or large wood will be allowed.

The commission is considering an ordinance to bar dogs in the park.

Water needs of the park were declared among the first problems to be considered.

The commission will go on an inspection trip to the park Friday morning at 10 o'clock.

Mr. and Mrs. Bearce have arrived home from their eastern trip. They visited the Chicago Fair and were pleased with the exhibits and general management.

Jellinek Will Contest Is Filed In Court Here

Adopted Daughter Is Plaintiff in Lawsuit

BLAMES S. F. KIN

Beneficiary Tried to Mar Character, Allegation

Legal efforts to break the will of Mrs. Mae Elizabeth Jellinek, widow of Charles Jellinek, for many years secretary of the California Scottish Rite Bodies, were opened today by Mrs. Ida J. Auten of Menlo Park, an adopted daughter.

The daughter was cut off without a cent from the $15,000 estate left by her foster mother. Except for $1000, the estate went to a niece, Zae Scheiner, 1848 Green street, San Francisco. Russell Scheiner, a nephew, whose whereabouts are unknown, was not mentioned in the will.

The $1000 special bequest went to Mrs. Bertha Fox, of Burlingame, a friend.

No reason is given in the will for cutting off the adopted daughter, who is the wife of a Menlo Park creamery proprietor. "I expressly and intentionally make no provision for my daughter, Ida Auten," the will read.

The daughter charges Mrs. Scheiner with first having sought to prevent her adoption, which took place on February 27, 1920, and when this failed, is alleged to have made remarks to her aunt intended to undermine the character of the adopted daughter. Mrs. Auten was about 10 years old when adopted.

Mrs. Jellinek died in a San Francisco hospital on April 28, last. Jellinek preceded her in death on September 5, 1931.

The contested will was admitted to probate by Superior Judge Franklin Swart on May 15.

Mrs. Auten is represented by Attorney John F. Davis of Burlingame.

Burlingame Against City Utility Tax

BURLINGAME, July 19.—Protest of the City of Burlingame was added Monday night to those recorded elsehere against any proposal to tax municipally-owned utilities which may be considered by the legislature.

City Treasurer Frank Bloom reported the city's net balance as $40,555.21 for the year.

Thirty-nine beer permits were issued and two held up for further consideration.

LA HONDA ROAD SURFACE TO BE PLACED SHORTLY

Protest against the present condition of the mile of reconstruction on the La Honda road was lodged before the supervisors Monday by Edwin C. Seares, manager of Cuesta La Honda.

Seares protested the breaking up of the roadbed, declaring the failure to put down the surfacing last winter will mean a much greater cost at this time. He estimated that $1,000 could have put the road in shape three months ago where it will take $5,000 today.

County Surveyor James S. James corrected the figure of $1,000 and said the surfacing item was to have cost about $3,000, but admitted that it will be considerably higher at this time because of the lack of funds at an earlier date to put down the surfacing.

James and John W. Poole, supervisor of the district, laid the failure to carry through the project to legal and other obstacles placed in the road's path last fall. Work was started so late that the rains set in before the contract could be completed, they said.

Seares, who called the La Honda road "the goat trail it was 40 years ago," said that he had the Knights Templar down from San Francisco Sunday and could have sold some lots. The condition of the road, which, he said, had punctured tires on four of the cars, blocked any deals.

James said he had no apologies to make on the road, declaring the road surfacing should have been put down in the spring, as planned. He said the funds were exhausted for unemployment and other relief, and no moneys would now be available until the road department is reorganized. The reorganization hinges upon the passage of the salary ordinance by the supervisors.

Supervisor Poole scored the lack of co-operation of the La Honda section for the situation as it exists, saying that that area has not always pulled together. "I have been bucked from A to Z on that road," he said.

"The way that first mile is put in is proper," Poole said. "We can't do something without money and without co-operation."

Poole said the elimination of the 40-cent road tax and other items has meant at least $32,000 to his district.

Seares was assured that work on the La Honda road will proceed at an early date.

Menlo Park

Menlo Park American Legion Auxiliary Unit 443 will elect officers for the ensuing year at the regular meeting Tuesday, July 25. They will also initiate a class of candidates which will be the last initiation this year.

Friends of Mrs. Catherine Derry are glad to know she is enjoying the Century of Progress Exposition. She writes that it is undescribably beautiful, and that there is something of interest to do and see every minute.

Mrs. Dora Scott Devol, Mrs. Ethel French of San Carlos and Mrs. Mary Bullivant of Redwood City accompanied Isabelle Lindquist to the U. S. Veterans' Hospital Tuesday for the regular monthly entertainment provided by Menlo Park American Legion Auxiliary.

Miss Clarissa Ross returned to her home on Walnut street this week from a two weeks visit with relatives in Fresno.

Mr. and Mrs. H. H. Bearce and children who motored to Wisconsin are expected back next week. Mr. Bearce is the proprietor of the Menlo Pharmacy on Santa Cruz avenue.

Justice of the Peace Edward McAuliffe, Redwood City, transferred the case of Mrs. Helen Canfield, proprietress of Canfield Gardens to Justice of the Peace Jackson of San Mateo. Mrs. Canfield was a popular figure at Pacific Coast Horse Shows and four of her blue ribbon winners, including the famous Pal O' Mine were burned to death in the fire that destroyed the Oakland show four years ago. From that time on Mrs. Canfield has met with reverses, and when beer was legalized she thought she would take advantage of the fact.

The old adobe bar which is located in her attractive landscaped garden was opened as an exclusive beer garden.

Mr. and Mrs. Charles Palmer and family are spending two weeks camping in Memorial Park.

The owners of the Maloney block on the highway are planning the construction of a concrete building on the whole length of the property, having a frontage of 167 feet. It is to be erected at the rear of the present building. The owners have in mind that some future time the state highway commission may order the widening of the street and they want to be in a position to comply with that condition when it arrives. Should the plan of the owners mature work will be started soon. The structure will be an ornament to Menlo Park as well as a credit to those interested and who have an abiding faith in the future of the city.

The city council met Tuesday evening and at once the members took up the matter of the proposed city hall. After some discussion Alex. A. Cantin and William Mooser, associated architects of San Francisco, were selected as the architects for the proposed city hall, for construction of which the city has made application to the federal government for a loan of $26,000.

The selection was made after six architects, present at the meeting, were interviewed by members of the council while the board was recessed. Cantin and Mooser will take the commission on a contingent basis. Plans and specifications for the job must be drawn up to accompany the application for the federal loan.

Plans were to select the architect on a competitive basis when it was found to be impractical to hold a competition.

City Treasurer J. W. Ryan reported to the council that there was no available money in the street improvement bond fund to pay bonds, totaling $4941.26. This fund has no connection with the city's regular funds.

The balance in the general fund on June 30 was $2355.50 and in the street fund $56.46, according to Ryan's report. The treasurer was granted a leave of absence for the month of September.

Peninsula Workers Unit No. 1, in a communication to the council, suggested that work be created on a community center. Fire Chief Thomas Cuff suggested that beautification work be carried on along a strip of property, part of which is owned by the city and part by the Southern Pacific, along Merrill avenue between Ravenswood and Santa Cruz avenues. He urged that the project be submitted to the citizens' bond committee at San Mateo. The railroad will be asked to assist in the work.

A bill of $26.60 for criminological work on the Mrs. Edith Orr Spencer murder case of a year ago was ordered paid to George A. Weber. An assessment bond of $114.73 to Frank L. Fenton was ordered cancelled.

Barnet Fowler, a mining man and a cousin of Attorney Archer Kincaid, is here from Siberia on a few days' visit. He says there are great opportunities in Siberia for energetic young men. The country is full of gold and only awaits some one to dig it out of the ground. Mr. Fowler says it is the coming gold producing country.

Asa T. Weeks left on the St. Paul last Saturday for Alaska. He will go direct to Canale Creek, where he has some valuable claims that will be worked this summer. He will not return to California for some time, and when he does he expects to bring sufficient of the yellow metal with him to enable him to live a life of ease for his remaining days.

Miss Cecelia Hynding, a teacher in the San Mateo school department for some years past, has resigned her position. It is understood Miss Hynding will shortly make a trip to the East.

Stanley Smith left last Sunday for Los Angeles where he will spend part of his vacation. He made the trip by water and expected a pleasant journey. While in the southland he will visit all the points of interest.

Miss Helen Luisa Aabel of Menlo Park became the bride of Harold L. Wild of Palo Alto at 4 o'clock Wednesday afternoon at the Menlo Park Presbyterian Church. The Rev. W. L. Bone officiated.

Following the ceremony, a reception was held at the home of the bridegroom's parents, Mr. and Mrs. Carl Wild, at 1134 Guinda street, Palo Alto. The couple is spending the honeymoon in the Santa Cruz mountains.

Mrs. Wild, the daughter of Mr. and Mrs. John T. Aabel of Menlo Park, is assistant registrar at the Sequoia Union High School from which she graduated in 1929. Mr. Wild is employed at the United States Veterans' Hospital.

The couple will reside in Menlo Park.

The post office department has called for new quarters for the Menlo Park office. The bids must be in by August 17 when a site and building will be chosen by the department. It is said a great number of applications are to be filed. The new quarters must have an abundance of light and a rear entrance to provide convenience for the incoming and outgoing mail. All equipment is to be furnished by the lessor. The office has been located at its present site for the past 10 years.

$535,000 APPORTIONED TO SCHOOLS; MORE DUE

State apportionment of funds to San Mateo county schools was reported today to Miss Pansy Jewett Abbott, county superintendent of schools, as $535,000.52.

This is the sum coming to the county regardless of the status of the Riley-Stewart bill, which Miss Abbott was notified last week will be applicable this year.

In addition, under the Riley bill, Miss Abbott is expecting $539,000 to be furnished by the state, which heretofore has been furnished by the county.

San Mateo county districts will also be called upon to raise several hundred thousands for school purposes, but there will be no general county school tax, which last year was $1.20. The Riley bill wiped that out.

Divisions of the apportionment as announced by Miss Abbott both for the old system and the additional anticipated sums under the Riley bill:

Under Old System

Junior College	$111,968.21
High Schools	111,101.28
Elementary Schools	311,931.03
	$535,000.52

Under Riley Plan

Junior College	(none additional)
High Schools	$222,000
Elementary Schools	317,000
	$539,000

The state's apportionment for the junior college is based on a charge of $88.47 per pupil. The county's junior college average has been 1,243 pupils during the past year. The state has $1,696,970.59 to distribute to all the junior colleges.

The high school figure is based on a charge of $24.2¢ per pupil, and the sum of $111,101.28 is practically the same as it was a year ago. The total sum for the high schools is $8,294,590.98.

Elementary schools will claim $5.95 per pupil, or $311,931.03. The state figure for elementary schools is $20,981,491.43.

The junior college figure will be completed through district taxes to be paid over the county, as no additional moneys will be had for this purpose under the Riley plan.

Redwood City and the Sequoia district, as pointed out yesterday, will continue to pay off their bonded indebtedness and special district taxes just the same, coming in, however, for substantial relief in the elimination of the $1.20 tax from the county roll.

Local Man's Sister Hangs Self on Isle

Mrs. Daniel Imboden Of San Mateo Is Victim

IN POOR HEALTH

Suicides on Lonely Island Ranch Off Coast

Dispatches from Santa Barbara today told of the suicide Monday on lonely Santa Cruz island, off that city, of Mrs. Carolyn Imboden, wife of Daniel C. Imboden, well-known figure in peninsula chamber of commerce circles.

Mrs. Imboden was a sister of A. T. Gherini, Main street grocer.

Ambrose Gherini, wealthy land owner and San Francisco attorney and brother of Mrs. Imboden, told of finding her body hanging from a rafter in the sheep-shearing house on his island ranch.

Although the suicide took place last Monday, Gherini was unable to hail any passing ships to reach the mainland until yesterday.

Gherini had no boat available on the island and had built signal fires for several days in the hope of attracting attention. The schooner Gitani, out of San Pedro, finally saw the distress signals and put into Scorpion Bay, on the island. It took the body to Santa Barbara.

Mrs. Charles Sullivan, of Burlingame, a sister of Mrs. Imboden, was at Santa Cruz when word came of the suicide. The family left early today for the southern city.

Imboden was formerly manager of the Three Cities Chamber of Commerce.

Coroner E. G. Dodge said he would leave for the island this morning. He said he would conduct no inquest. Gherini and his sister had been on the island ten days.

Gherini has been a leading San Francisco attorney and land owner for many years.

The marriage of his sister to Imboden was social event of November, 1919, shortly after Imboden had been discharged from the army. He had served with distinction in France as a captain.

Two years ago Mrs. Imboden was injured in an automobile accident in Arizona and narrowly escaped amputation of a hand.

Imboden is president and general manager of the Mercantile Building-Loan Association, in which he is associated with Governor Rolph.

Mrs. Imboden left two notes, one to her husband and one to the brother, in both of which she said she was driven to self-destruction because of ill health.

Tanforan Has Fine Program For Weekend

An attractive racing program again will be offered at Tanforan today and tomorrow, with the usual Saturday handicap with an attractive purse. The week-end meetings have proved popular and are scheduled to continue until the Seattle meeting opens some time next month, according to Ralph MacArthur, general manager of the San Bruno oval.

Winooka, the horse Tanforan fans hope to see in an attractive match before the present summer session ends, is expected to be at the track Saturday. Arrangements for a contest for the new Australian sprinter were underway this week, and it may be that they will be completed by Saturday.

PUBLIC HEARING DUE ON COUNTY'S SALARY SCALE

Decision to hold a public hearing on the proposed salary scale for San Mateo county at a special meeting of the board of supervisors next Monday at 10 a. m. was reached by the county board this week.

County Manager Walter T. Kellogg presented the schedule, which called for salaries to remain at their present levels for another year. He at first had planned to reduce salaries from $10 to $25 per head.

Purely new posts created under the county charter, the schedule reveals, will call for added salaries of $23,440. These include $6,000 for County Manager Kellogg, $2,040 for his clerk, Charles Ely, and $1,500 for his secretary, Miss Grace Goshorn; $1,300 for County Surveyor James S. James as county engineer; $3,000 for Building Inspector William Watson Jr.; $4,800 for a director of public health and welfare; $1,200 for a clerk for the health director, and $3,600 for the superintendent of social service.

Additions to personnel of the engineering department through taking over the five county road districts, additions to the Community Hospital staff, and other necessary increases caused by growth of the county, will bring the salary schedule to a figure actually $48,580 higher than a year ago, it is estimated.

Chairman Manuel Francis said he believed the public should be heard on the salary question, and Supervisor Rosalie Brown joined him in the stand. It was agreed on motion of Supervisor Brown, seconded by Supervisor John Poole, Redwood City, that the salary list should be published for the information of the public.

Purchase of two cars, one for $1623 for County Manager Kellogg, and another for $649 for Building Inspector Watson, was approved by the board.

The Taxpayers' Protective Association of San Mateo county, in a communication signed by Ella Chase, Lomita Park, protested the reappointment of District Attorney Edmund Scott. This is not an appointive office, and Scott's term does not expire for 18 months, the association was informed.

Leonard Seeks Asst

Max Leonard, county agricultural commissioner, asked for an additional assistant, and for salary increases for his present staff.

General cleanup of the grounds of the Jefferson school to cost $210 was approved by the supervisors yesterday under the unemployment relief program.

Relief Tax Opposed

The East San Mateo Improvement Club opposed any plan calling for $50,000 worth of taxes for relief of the unemployed during 1933-34 in lieu of additional bonds, in a communication filed with the board. The organization expressed its belief that relief can be had from the $20,000,000 bond issue voted in the state June 27.

Mrs. Ella Chase of the Taxpayers' Protective Association protested the reserving of parts of the Memorial Park for special groups, like the Boy Scouts, Young Men's Christian Association and veterans' organizations. She also protested plans to build a $20,000 clubhouse there. Chairman Francis informed her he knew of no such proposal.

Deed to a section of the Coast road at Brighton Beach to straighten out two bad turns was accepted and the board agreed to pay $200 for the land.

C. H. Jensen, Pescadero, applied for the position of superintendent of Memorial Park, when vacant.

Two Contests Filed Against Woman's Will

Andrew Stewart of R. C. Named as Defendant

VALUE UNKNOWN

Mrs. Cora Traver's Incompetency Alleged

Two contests were filed within a few minutes of each other today to break the will of Mrs. Cora Traver, 61, late of 627 Hamilton street, who died June 23.

One was brought by her husband, Judd J. Traver, local taxi man, from whom, according to the petition for probate, she had been living apart at the time of her death.

The other was filed by her sister, Clara Fallon, of Seattle.

Both name Andrew Stewart, 1336 Jefferson avenue, local title company employe, as defendant. Stewart and his wife were left the Traver estate, of an unannounced value.

Mrs. Traver left $5 to her husband and $1 to the child of Jennie Garcia.

Traver sets up the usual grounds of contest: That his wife was of unsound mind, that the will was not executed with testamentary intent, that it was not executed according to law, and that it was procured through the undue influence of Stewart. Stewart, it is declared, was the confidential adviser of Mrs. Traver.

Mrs. Fallon sets forth grounds of unsoundness of mind and influence of Stewart.

Traver's suit was placed on file by Attorneys Joseph J. Bullock and E. J. Ryan, Redwood City.

Mrs. Fallon's suit was filed by Attorneys Carlton D. Dethlefsen and C. Fitzgerald Eschwig, San Francisco.

Stewart, who filed the will for probate June 28, is represented by the firm of McKinstry & Haber, San Francisco.

Mrs. Traver's will was written on June 15, which was eight days before her death.

Mrs. Mildred Kelso, Seattle, and Mrs. William Moore, Salem, Ore., are sisters as well as Mrs. Fallon, but their names do not appear in the contest.

Harbor Board Selects Shaw As Chairman

Percy J. Shaw, South San Francisco civic leader, was named chairman of the San Mateo County Port Commission at an organization meeting held in the San Mateo home of Commissioner S. A. Keyston Tuesday night.

Keyston was elected secretary of the harbor board. The third member is Councilman Henry Beeger of Redwood City.

Shaw and Keyston will serve two year terms each, and Beeger, because he was highest in the voting, will serve four years. Each of the commissioners is required to post a bond of $5,000.

County Clerk Elmore B. Hinman was present last night at the organization meeting. He will submit the record of the first meeting to Secretary of State Frank C. Jordan showing the completion of an organization.

The commissioners agreed to hold regular meetings at the courthouse on the second Monday of the month.

First steps to be taken by the commission will be the preparation for the hearing to be held soon before the board of three federal public works administrators who will be named for the California district.

Among the earliest problems to be settled by the commissioners is the question of the options held on the waterfront lands upon which the proposed developments will proceed. These options are now held by the San Mateo County Citizens' Harbor Committee.

Theft of Gasoline Charged by Police

Pete Petuya, 28, baker, of 122 Whipple avenue, was held by local police today on a charge of petty theft, while a 15-year-old boy with him was in custody at the juvenile home.

Police charged that Petuya was in the act of syphoning gasoline from an automobile parked on Fulton street when arrested. Two five-gallon cans, a funnel and a hose were found in his possession, Officers W. H. Thorpe and E. G. Fogarty said.

We'll Remember This

The French Government has decided that it has enough money on hand to be able to pay Great Britain 15,000,000 pounds on account of a loan made last April.

Fifteen million pounds is something like $67,500,000 at current dollar quotations.

France can pay that large sum and make no fuss about doing so. But France can't pay a sou on her debt to the United States, which was incurred, not last April, but 15 years ago.

Well, we are stuck—no question about that. But it should be a very cold day in August before France ever sticks us another time.

It's One Way Out

Some groups are opposing the passage of the sales tax bill in the legislature on the ground that it "imposes a burden on the small men." All proposed tax measures have this effect. Millions of small men are out of jobs because the enormous tax load on industry has put it in the red and incapacitated it to give employment. The federal government has already levied war-time income taxes. Its gigantic expenditures for public works, reforestation and other special programs are piling up a deficit of more than three billion dollars, and congress in the next session will have to resort to super-wartime income taxes to balance the budget.

It requires no argument to prove that the only hope of the jobless small man lies in the recuperation of private industry, and to add to the excessive federal income tax a heavy state tax is likely to destroy that hope.

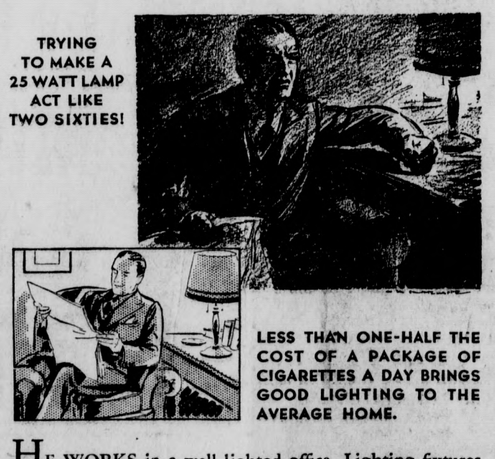
"WHAT'S WRONG WITH THE LIGHT IN THIS HOUSE?"

TRYING TO MAKE A 25 WATT LAMP ACT LIKE TWO SIXTIES!



LESS THAN ONE-HALF THE COST OF A PACKAGE OF CIGARETTES A DAY BRINGS GOOD LIGHTING TO THE AVERAGE HOME.

HE WORKS in a well lighted office. Lighting fixtures are properly placed. Lamps of the proper wattage are used. Burned-out lamps are promptly replaced.

This is not the case in his home.

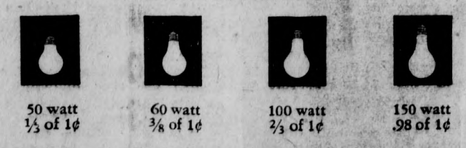
No wonder he gets drowsy trying to read and at an early hour is tired and ready for bed. There is not enough light or the wrong kind of light by which to read.

Empty sockets, burned-out lamps, trying to make a twenty-five watt lamp act like two sixties is bad for the disposition, the eyes, for health.

Glare is also bad for the eyes. Adequate lighting fixtures, properly shaded, give diffused light. It is restful light. It does not reflect from white paper or bright surfaces and protects the eyes.

Good light is one of the few things we live with so much that is neither expensive or hard to obtain. Year after year the cost of electric light has been reduced. How many other daily necessities cost you less than before the war? The proper use of light is so inexpensive today that every home should have all the light needed for comfort, health and safety.

HOURLY COST OF LAMPS



50 watt 1/3 of 1¢ | 60 watt 3/8 of 1¢ | 100 watt 2/3 of 1¢ | 150 watt .98 of 1¢

Newspaper 'Ads' Boost Gilmore Sales

"Does newspaper advertising pay?" asks F. B. Keip, central California division manager of the Gilmore Oil Company. "A glance at the graph, showing the rapid upward climb of sales of Red Lion gasoline, furnishes the best and most convincing answer."

In the picture herewith, just received by Joseph A. Leonard, manager for the Gilmore Oil Company in territory which includes Redwood City, Mr. Keip is shown at the left discussing the sales record with E. G. Mulford, assistant divisional manager (center) and Earl L. Koster, branch manager in San Francisco.

"It will be noted," said Mr. Keip, "that while the Gilmore Oil Company has been enjoying an upward swing in business ever since the first of March, our most rapid climb has been since the middle of June, when we announced our new "Fortified" Red Lion gasoline—developed through a radically different method of refining—and started an aggressive newspaper advertising campaign.

"Within one week, sales had climbed 20 per cent, inside another week they were up 40 per cent, in several territories, and we are happy to say that July still shows progress upward. This establishes two things:

1. Cumulative effect of advertising. 2. Satisfactory results, in motor cars, with the product advertised."

Incidentally, an important part in the present Gilmore advertising campaign, released in more than 100 newspapers in California, is played by the Redwood City Tribune.

PORT GETTING RECOGNITION

M'Grath Declares It Is Not Lagging

Assurance that Redwood City's harbor project was obtaining the fullest consideration in Washington was given port boosters here Monday in a wire from Congressman John J. McGrath.

The wire, to Howard I. Wood, secretary of the Redwood City Chamber of Commerce, said:

"Redwood project is as far advanced as any similar project presented in the United States."

McGrath informed local port backers that the next step awaits the naming of a board of three for California to go into this and other state projects.

This board will confer with the regional director to be named soon for the West Coast, who also must act favorably upon the project.

"Unless and until project is approved by them Washington will not act," McGrath said in the wire.

McGrath is rushing home to assist in presenting the project to this board, he said.

"Success or failure depends upon that presentation," he advised.

Suggest Putting Health Bureau At San Mateo

The board of governors of the San Mateo County Federation of Improvement Clubs and Associations adopted a resolution last night suggesting the establishment of the offices of the county director of public health and welfare at the Community Hospital.

It was said that at that location the department could be handled at less cost.

Hugh Riley of San Carlos, president of the board, was in the chair.

Heim Goldman, chairman of the roads committee, was given a vote of confidence and urged to proceed in his efforts in behalf of the Ocean Shore highway.

W. H. Morrissey, president of the federation, said every effort will be made again this year to lower the county tax rate.

Sentence Held Up In Arson Charge

Elmer J. Stoops, who admitted, according to authorities, that he set fire to the American Legion Hall in Daly City, was under a six months' suspended sentence today.

Stoops pleaded guilty before Superior Judge Maxwell McNutt.

County Roads Recommended For U. S. Aid

Improvements of the San Mateo-Half Moon Bay highway, the La Honda highway, the Ocean Shore and Junipero Serra boulevards and the widening of Mission street through Daly City are among the recommendations submitted by the California State Chamber of Commerce Central Coast Highway Committee to the State Highway Commission, it was announced today by the state chamber office.

The recommendations were made in connection wtih the national industrial recovery program, which will provide about $15,607,000 for highway work in California.

Two conferences have been held with the state highway officials in the last two weeks by the state chamber representatives, resulting in an agreement by the state officials to consider road projects not included in the original biennial highway budget. Consideration is being given not only to the existing state system, but to new roads coming in under the 6700-mile addition, and to some county projects as well.

RETURN FROM TAHOE TRIP

Mr. and Mrs. John T. Simpkin of North Palo Alto returned today from a two weeks' vacation trip. The early part of the vacation was spent at Santa Barbara as guests of Mr. and Mrs. Fred Metcalf, and the latter part at Kyburz, near Lake Tahoe.

Children Will Have Exhibit At Flower Show

Among interesting exhibit sections of the Woodside-Atherton Garden Club's flower show to be held July 26 at the Hooper ranch, Mountain Home road, Woodside, is the children's section, divided into three classes.

Tables, two feet by three feet, to be set for four, will be provided by the club and awards will be made to children 10 years old and under for the most original and harmonious flower arrangements. Children 10 and under and children between 10 and 15 will compete in two classes for the best arrangements of summer flowers.

Mrs. Samuel Eastman reported today that entries are coming in fast. Those desiring to enter exhibits should notify Mrs. Eastman at Box 304-A, Redwood City. Entries must be made out on blanks on or before July 23, said an announcement.

Officers of the club announced they would meet Tuesday to complete plans for garden tours during the show. Three or four of the largest private gardens in Woodside will be open for public inspection.

Reservations for luncheon may be made at the Menlo Circus Club, Isabella avenue, Atherton, or at the Allied Arts Tea Room, Arbor and Cambridge avenues, Menlo Park, before July 24.

All flower enthusiasts of the county have been invited to enter exhibits. Special invitations have been forwarded to the membership of the Burlingame-San Mateo and Hillsborough, Palo Alto and Los Altos, Oakland and Ross garden clubs. Detailed information may be secured from Mrs. Eastman, chairman of entries.

WHIST PARTY REPLACES SEWING CIRCLE MEET

In place of the regular meeting of the Redwood Sewing Circle next Monday, there will be a whist party at the home of Mrs. George Palmer, 120 Finger avenue. Refreshments will be served, and score cards will cost 25 cents.

The club met for sewing last Monday at the home of Mrs. Bert Daily on Oak avenue.

Mr. and Mrs. J. E. Whiting and daughter, of Daly City, are occupying a house at 1217 Harrison avenue, in this city.

WILL MAKE CRUISE OF ALASKA WATERS

Robert G. Brown, son of Mr. and Mrs. L. H. Brown, 431 Central avenue, North Palo Alto, and Dr. Anton Elmer of San Francisco, recent graduate of the Stanford Medical School, will be members of a party of 12 sailing from Oakland later this week on the three-masted schooner "Sinolalo," for a three months' cruise of Alaskan waters. The men will engage in hunting and fishing, and try their luck at fur trading with the Indians. The 12 voyagers will work in shifts in manning the craft.

Tonnage Huge in Big Ad Campaign

General Petroleum Corporation's present sales effort provides strong contrast with methods used in early days of the oil industry. More than 160 newspapers, two radio programs and 200 tons of station advertising material carry message of new General Four-Star gasoline throughout Pacific Coast States and Arizona.

Mammoth Publicity Drive Told By Sales Chief

A striking illustration of the gulf which separates major sales campaigns of today from those of the early days of advertising, when a few small posters on roofs of farmers' barns was considered 'big-time' publicity, is given by R. S. King, vice-president and general sales manager of General Petroleum Corporation, in connection with this company's introductory campaign on its new General Four-Star gasoline.

"In the early days of the oil industry the main advertising reliance was placed upon posters, "Mr. King said, "and in the earliest efforts these were scattered widely over several eastern states. But all the posters used in an entire campaign at that time would not have been sufficient to supply just one of our big cities today.

"By way of contrast, General Petroleum's present campaign, introducing its new General Four-Star gasoline, calls for the use of approximately 150 tons of banners, streamers, wood or cardboard cut-outs, metal signs, windshield stickers and novelties in the California and Arizona territories alone. All this, of course, is in addition to the purchase of space in more than 100 newspapers in the two states named, outdoor posters and radio time and talent. The main section of the campaign naturally will be carried in newspapers as is always the case in major sales efforts of this kind."

Twelve of the largest trucks and trailers were required to distribute the advertising material to the more than two thousand General Petroleum dealers throughout the territory, the executive stated. They had to transport approximately 85 tons of huge wooden and cardboard signs—cutouts of Pegasus, the Flying Horse, symbol of the world-wide Socony-Vacuum Corporation and of General Petroleum Corporation; 20 tons of banners, 300,000 novelty hats, 60 tons of metal shields, 8 tons of pump globes and 8 tons of pennants, or a total of about 300,000 pounds of material.
